Coach Rupp To Be Back For Net Term

VOLUME XXXVI

Mentor Visits Europe As Army Athletic Adviser

Adolph Rupp, globe-trotting menor of the Kentucky Wildcats, has en quite a bit of what is left of Europe this summer during his tour with the United States athletic oficials who are setting up a program for the army of occupation.

Rupp is working with many of the program. Leaving the states ist 15 from New York he flew to Paris by way of Newfoundland. During his stay in Paris he saw Ed Lander, a former UK basketeer now

After leaving Paris he travelled hrough Germany, stopping at Frankfurt, Heidelburg, and Maneim. Then he returned to France by way of St. Germain and Cherbourg where he is now.

After a return to Berlin, Rupp will leave Europe about October 20 and resume his basketball coaching here about the first of November

Number of Women **Entered In School Highest Since 1939**

Enrollment of students at the Unisince last year at this time. Approximately 2505 students had enrolled at noon yesterday, and Dr. Leo M Chamberlain, dean of the University, estimated that the number will be increased to 2,700 by next Wednesday, when registration will be ended for the fall quarter.

One year ago yesterday, the University's enrollment was 1.677, and when registration ended it had increased to 1821.

Estimate Was Low

Dean Chamberlain stated that although the enrollment had been estimated at only 2,200, this was a difficult time to predict because the war ended sooner than expected Besides that more freshman men have entered the University, because selective service let it be known that if a man entered school he would not be taken out until he had finished his quarter or semester. Most of the increase was attributed to the largest enrollment of

a WHAS program dedicated to helping Kentucky regain her true greatness

Only Kentuckians can restore Kentucky's greatness! Are you cognizant of the vital facts about conditions in our beloved State? Do you realize the value of a blueprint for Kentucky's tomorrow? Are you being blinded by the lustre of history from seeing present problems? To bring the facts to you, WHAS created and developed a weekly radio program to awaken Kentuckians to action.

"Wake Up, Kentucky" is a dramatic presentation of facts as reported by The Committee for Kentucky from its exhaustive research by experts. Some of the facts and figures are not pretty, or pleasing, nor do they bring a glow of pride to our faces, but they are accurate and authentic. Built around a typical Kentuckian, Boone Walker, kindly, resourceful, the confidant of all who know him, this intensely interesting program portrays in vivid word pictures the problems Kentucky faces in health, education, housing, welfare, its constitution, natural resources, labor, industry, agriculture, and taxation.
